To Whom It May Concern:

We started working with Mark Pittman in 2008 when we were looking to relocate and purchase our office in Frisco, TX. Throughout the entire process it has been a pleasure to work with him. He was highly professional at all times and extremely responsive and knowledgeable about medical office ownership.

Most of all, Mark is a genuine and honest person who we could rely on for anything. Even after we moved into our new office, he still stayed in touch with us to make sure any outstanding issues would be addressed.

In today's business world, it is rare to find someone so earnest and reliable. I whole-heartedly recommend Mark if you are looking for new medical office space.

If you have questions or would like to discuss my experience further, you can reach me at my office.

Thanks,
